Education

Dakota State University

B.S. Cyber Operations, Minor in Network Security Administration, Honors Program

GPA: 3.73

Recipient of DSU Rising Scholarship and DSU Champion Scholarship.

Madison, SD

Aug 2024 – Dec 2027

Projects / Competitions

HandAll (Nepal-US Hackathon)

Lead Frontend / Integration Developer

- Engineered **HandAll**, a **React/Node.js** productivity engine leveraging **LangGraph** and **GPT-4o-mini** to autonomously decompose assignments into scheduled working blocks via bi-directional Google Calendar/iCal synchronization.

Participation

Feb 2026

NCAE Cyber Games 2026

Cyber Defense Competition

- Engineered defensive strategies, focusing on **Web Server Uptime** to secure a simulated corporate network against professional Red Team attackers.

5th Place - Regionals

Feb 2026

Cybersecurity Home Lab Environment

Network Security & Virtualization

- Virtualized Lab Infrastructure:** Engineered a multi-OS environment (Kali, Debian, FreeDOS) to simulate legacy architectures and evaluate cross-platform attack vectors.
- Vulnerability & Threat Analysis:** Conducted end-to-end security assessments using **Nmap**, **Wireshark**, and **Metasploit** to identify, exploit, and remediate critical CVEs and cryptographic weaknesses.

Independent

Project

Personal Portfolio Website

AI-Accelerated Web Development

- Developed a high-performance static portfolio using an **AI-assisted workflow** (Figma/LLMs), deployed via a serverless **GitHub Pages** and **Cloudflare** pipeline with full version control.
