EDUCATION

Dakota State University

Madison, SD

B.S. Cyber Operations, Minor in Network Security Administration

Aug 2024 – Dec 2027

GPA: 3.73 • Honors Program • President's Academic Honors List • DSU Rising & Champion Scholarship

ACHIEVEMENTS & COMPETITIONS

eCitadel

Jun 2026

Participant – Database & Router

- Defended an Active Directory Domain Controller against active, live-fire Red Team attacks.
- Hardened Windows Server by auditing user accounts, revoking unauthorized access, and deploying Sysmon to monitor malicious processes.

HiveCTF

Apr 2026

1st Place (DSU Bracket) – Competitor

- Secured 1st place within the university bracket in an open Capture the Flag competition by solving web exploitation, cryptography, and reverse engineering challenges under strict time constraints.

SillyCTF

Apr 2026

6th Place Overall

- Solved advanced OSINT and cryptography challenges to secure 6th place overall in a globally accessible technical competition hosted by Penn State.

Ignite Hackathon

Feb 2026

Participant – Full Stack Developer

- Engineered a full-stack browser-based dungeon RPG utilizing Supabase Edge Functions and integrated Gemini AI to drive adaptive level generation and file system navigation layouts within a high-pressure sprint.

NCAE Cyber Games 2026

Feb 2026

5th Place – Regionals (Database & Router)

- Achieved 5th place regionally in a simulated enterprise network defense competition, maintaining critical database and routing services under sustained adversarial pressure.
- Monitored network traffic and mitigated live attacks to ensure continuous operational uptime.

Nepal-US Hackathon

Feb 2026

Participant – Lead Frontend / Full Stack

- Architected and delivered a full-stack AI student productivity tool featuring LangGraph automation and advanced calendar synchronization workflows during a rigorous 36-hour sprint.

TECHNICAL PROJECTS

Terminal Quest

Apr 2026 – Present

github.com/evanbh256/terminal-quest

- Engineered a browser-based dungeon RPG utilizing native Linux commands (ls, cd, mv, find) to directly drive movement, item discovery, and room transitions, transforming the filesystem into the game world.
- Designed AI-powered level generation and adaptive tutor feedback algorithms, implementing deterministic local fallbacks to guarantee uninterrupted offline playability.

HandAll

Jan 2026 – Mar 2026

github.com/evanbh256/HandAll

- Developed an AI-powered student planner leveraging multi-agent orchestration to decompose complex assignments into burnout-aware task blocks and dynamically rebalance schedules based on user motivation levels.
- Engineered Google Calendar OAuth and iCal synchronization with a live preview system and workload adjustment controls, successfully delivering the product with a 4-person team in 36 hours.

PROFESSIONAL EXPERIENCE

International Programs Office - Dakota State University

Madison, SD

Office Assistant

May 2026 – Present

- Evaluate and adjudicate international student application materials utilizing Slate CRM, verifying comprehensive documentation prior to routing files for final admission decisions.
- Manage applicant communications and execute day-to-day enrollment operations to maintain administrative efficiency.

Madison Community Center

Madison, SD

Service Desk Assistant

May 2026 – Present

- Direct front-desk operations as the primary point of contact for 100+ daily visitors, executing membership processing, access control check-ins, and facility security protocols.

Residence Life - Dakota State University

Madison, SD

Resident Assistant

Aug 2025 – Present

- Provide 24/7 on-call emergency response and safety monitoring for a residential floor of 40+ students, executing targeted conflict resolution and strict policy enforcement.

Cyber Camp - Dakota State University

Madison, SD

Student Leader

Jun 2026

- Supervised and mentored 50+ middle school campers through a 4-day residential camp covering cybersecurity, AI, and computer science, strictly managing daily schedules and student well-being.
- Supported faculty-led instruction in cybersecurity, networking, and coding by guiding hands-on technical projects and maintaining focused technical discussions.

LEADERSHIP & ACTIVITIES

DSU International Club

Madison, SD

President

Aug 2025 – May 2026

- Directed strategic leadership, operational oversight, and long-term organizational vision to guide overall club direction and growth.
- Presided over all general membership and Executive Council meetings to coordinate and execute campus-wide initiatives and cultural events.
- Served as the primary representative and official spokesperson of the organization to university administration, faculty, and external student bodies.

TECHNICAL SKILLS

- **Languages:** Python, C, C++, NASM Assembly, HTML, CSS, JavaScript, TypeScript
- **Operating Systems:** Linux (Kali, Debian, Ubuntu), Windows Server, FreeDOS, MacOS
- **Security Tools:** Metasploit, John the Ripper, Hashcat, Wireshark, Nmap
- **Dev/Cloud:** Git, GitHub, Supabase, Cloudflare, VS Code, PowerShell, VirtualBox
